ABS is pleased to invite you to attend a joint seminar hosted with the United States Coast Guard (USCG) and Australian Maritime Safety Authority (AMSA).

The seminar is intended to provide ship owners, operators, builder, designers and other marine industry personnel insight into the specific regulatory and operational requirements for vessels trading in the US and Australia. In addition, ABS speakers will address Port State Control and NOx tier III requirement.

During the seminar, participants will be able to ask questions and discuss issues directly with the speakers. To best utilize the Question and Answer session, please forward your questions to regional contact by 15 June to allow the speakers ample time to prepare detailed answers.

There is no charge to attend this seminar. Complimentary refreshments will be served. To reserve your place, please email or fax your reservation by 15 June 2016 to:
