# ABS ASPIRE PROGRAM

ABS & AFFILIATED COMPANIES

The Aspire Program is a cohort-based training geared toward upcoming graduates in the **computer science, digital and data technology fields**. Selected candidates join ABS as full-time employees of a 12-month rotational experience covering areas such as digital applications, information technology, cybersecurity and business support functions.

Following rotational training, these individuals kick off their careers with ABS in a profession related to their training, education and career goals.

The Aspire Program Promotes:

- ☑ Skills and Development
- ☑ Broader Business Knowledge
- ☑ Networking
- ☑ Performance Goals

Get Real-World Experience In:

- Digital Engineering
- Digital Solutions
- Sustainability Initiatives
- Technology and Business
