# HAB/MLC-ACCOM Departures

- In case of departures from the criteria, consideration is given to:
  - Magnitude of the departure
    - e.g., HAB/MLC-ACCOM requirements for floor area is 7.0 m<sup>2</sup> and actual measurement is 6.8 m<sup>2</sup>
  - Location of the departure
    - e.g., Excessive noise near crew cabins
  - Type of space(s) and/or outfitting aspects impacted
    - e.g., sleeping room, stairs
  - Frequency and number of departure(s)
    - e.g., All areas vs isolated departures
  - Potential impact on the safety of the crew
    - e.g., All areas vs isolated departures
