
HAB Departures

- In case of departures from the criteria, consideration is given to:
 - Magnitude of the departure
 - e.g., HAB requirements for floor area is 7.0 m² and actual measurement is 6.8 m²
 - Location of the departure
 - e.g., Excessive noise near crew cabins
 - Type of space(s) and/or outfitting aspects impacted
 - e.g., sleeping room, stairs
 - Frequency and number of departure(s)
 - e.g., All areas vs isolated departures
 - Potential impact on the safety of the crew
 - e.g., All areas vs isolated departures
