9 December 2020

TRAINING AND WATCHKEEPING

List of competent persons maintained by the Secretary-General pursuant to section A-I/7 of the Seafarers' Training, Certification and Watchkeeping (STCW) Code

1 Under the provisions of the STCW Convention and Code, the Secretary-General has been assigned certain functions, particularly with regard to information communicated under article IV and regulation I/7 of the 1978 STCW Convention, and section A-I/7 of the STCW Code. Accordingly, the Secretary-General is required to maintain a list of competent persons approved by the Maritime Safety Committee, including competent persons made available and recommended by Parties who may be called upon to evaluate the reports submitted pursuant to regulations I/7 and I/8; and to assist in the preparation of the report required by STCW regulation I/7, paragraph 2.

2 To this effect, the Maritime Safety Committee, at its sixty-eighth session (28 May to 6 June 1997), approved a list of competent persons to be maintained by the Secretary-General (MSC/Circ.797). The Committee, at subsequent sessions, has approved additional competent persons and issued revisions of the List (MSC/Circ.797/Rev.1 to 33). The List has been further updated based on the information provided by STCW Parties, including withdrawals and inclusions of competent persons nominated in accordance with the form set out in Circular Letter No.1882, and approved by the Maritime Safety Committee at its 101st session (5 to 14 June 2019).

3 Parties to the 1978 STCW Convention, which have nominated competent persons, are further requested to inform the Secretary-General, without delay, of any changes to their contact details, including when experts on the List are no longer available to serve as competent persons.

ANNEX

LIST OF NOMINATIONS FOR COMPETENT PERSONS

*Areas of Expertise – KEY

A	Knowledge of the requirements of the STCW Convention	G	Ship-board safety
B	Knowledge of the system of training and certification	H1	Special types of ships – Tankers
C	Maritime training	H2	Special types of ships – Bulk carriers
D	Assessment methods	H3	Special types of ships – Ro-ro passenger ships
E	Use of simulators	H4	Special types of ships – Passenger ships
F1	Ship operations – Deck department	I	Quality standard systems
F2	Ship operations – Engine department	J	Maritime law
F3	Ship operations – Radiocommunications	K	Governmental functions
F4	Ship operations – Company management	L	Other
F5	Ship operations – Work practice and conditions	M	Restrictions in availability for meetings
