

GUIDE FOR

CREW HABITABILITY ON MOBILE OFFSHORE DRILLING UNITS (MODUs) SEPTEMBER 2012

CORRIGENDA/EDITORIALS – 1 February 2014

CORRIGENDA/EDITORIALS – 10 September 2014

Page No.	Paragraph	Comments
Section 1 General		
5	1/Figure 1	<p>Revise figure, as follows:</p> <pre> graph TD A[Submit Test Plans to ABS] --> B[ABS performs an Engineering review] B --> C{ABS Engineering requires modifications to Test Plans?} C -- Yes --> D[Modify Test Plans] D --> A C -- No --> E[] style E fill:none,stroke:none </pre>
Section 3 Whole-Body Vibration		
11	3/2	Revise second sentence of third paragraph to read “Compliance with this Section is a prerequisite for the MODU Habitability (HAB(MODU)), MODU Habitability Plus (HAB+(MODU)), or MODU Habitability Plus Plus (HAB++(MODU)) notation confirmation.”.
15	3/7.1	In first paragraph, “the requirements of this Guide take precedence” to read “the more stringent requirement shall take precedence”.
19	3/8.4	Revise “For spaces that were subject to walkthrough verification inspection measurements, the following information shall be provided:” to read “For all the remaining spaces that were checked through walkthrough verification inspection and spot check measurements, the following information shall be provided:”.
Section 4 Noise		
21	4/2	Revise fourth paragraph to read “Compliance with this Section is a prerequisite for the MODU Habitability (HAB(MODU)), MODU Habitability Plus (HAB+(MODU)), or MODU Habitability Plus Plus (HAB++(MODU)) notation confirmation.”.
Section 5 Indoor Climate		
33	5/7.1	Revise “the requirements of this Guide shall take precedence” to read “the more stringent requirement shall take precedence”.

Page No.	Paragraph	Comments		
Section 6 Lighting				
46	6/8.4	Revise “For all the remaining spaces that were checked through visual inspection and spot check measurements, the following information shall be provided:” to read “For all the remaining spaces that were checked through walkthrough verification inspection and spot check measurements, the following information shall be provided:”.		
46	6/8.4ii)	Revise “Visual inspection observations” to read “Walkthrough inspection observations”.		
Appendix 2 Procedural Requirements for ABS Recognized Ambient Environmental Testing Specialists				
51	A2/1	In last bullet, add “, MLC-ACCOM(SPS), MLC-ACCOM(WB) ”.		
Appendix 3 Accommodation Area Criteria				
72	Food Service Areas	In Item 27, revise shading to: <table border="1" style="margin-left: 20px;"> <tr> <td style="width: 100px; height: 15px;"></td> <td style="width: 100px; height: 15px; background-color: #cccccc;"></td> </tr> </table>
