How to Access Drawing Details and History

Accessing the Drawing Details and History

- 1 **Log in to the ABS MyFreedom™ Client Portal.**
- 2 **Select Projects/Vessels from the Engineering drop-down menu.**

- 3 **Search or select a project from the Project list.**

- 4 Navigate to the **Drawings** section from **Project Details** menu. You can also access the **Drawings** section from the **Engineering** drop-down menu on the main page.
- 5 Search for a drawing by its number or title using the search bar.
- 6 Click on the **Drawing Title** to view drawing details.

The screenshot shows the ABS MyFreedom interface. At the top, there are navigation tabs for Rules and Resources, Services, Innovation and Technology, News and Events, and About Us and Careers. Below this is a secondary navigation bar with options like Place Order, Vendors, Engineering, Finance, Reports, Tools & Apps, and Quick Links. The main content area shows a 'Selected Project' for '5331020 - upgrading to ABS SUSTAIN-1 Notation'. A search bar is present with the text 'Enter drawing number to search all records'. Below the search bar is a table of drawings with columns for Drawing Title, Drawing Number, Package/Reference No., Submission Date, Completion Date, and Status. The drawing 'DU3378_1008_INVENTORY OF HAZARDOUS MATERIALS PART L_REV.0' is highlighted with a red box and a '6' callout. A '5' callout points to the 'Action Required' status of this drawing. A '4' callout points to the 'Drawings' link in the left-hand menu.

- 7 The **Drawing Details** window appears, showing information about the selected drawing.
- 8 The submitted and published versions of the drawing as well as the associated review letter can be downloaded from this detail view.

The screenshot shows the 'Drawing Details' window for drawing 'DU3378_1008 : DU3378_1008_INVENTORY OF HAZARDOUS MATERIALS PART L_REV.0'. The window title is 'DU3378_1008 : DU3378_1008_INVENTORY OF HAZARDOUS MATERIALS PART L_REV.0'. Below the title, there are three download links: 'Submitted Document' (DU3378_1008_INVENTORY, 79.7mb), 'Final Reviewed Document' (DU3378_1008_INVENTORY, 80.2mb), and 'Engineering Review Letter' (WQ0317950 IHM Letter.pdf, 112.7kb). These three links are highlighted with a red box and a '8' callout. Below the download links is a table with the following data:
